Meet Lanisha Thornton, the powerhouse behind Runnin' Buzz Bartending Services, LLC, and our latest Incubator Icon! 🎉 Lanisha's journey is a testament to the transformative power of our incubation program. Before joining, public speaking was a hurdle, but with the support of DOMI, she learned to confidently pitch her business and unlock incredible opportunities. From crafting unforgettable experiences at FAMU Homecoming tailgates to becoming a founding member of the National Society of Black Wedding & Event Professionals, Lanisha's accomplishments are truly inspiring.

She credits the program with providing essential business skills, funding, and mentorship, all of which fueled her growth and led to 5 years in business! And, her recent election to the United States Bartender's Guild Jacksonville Chapter board (with a promotion on the way!) is just another example of her dedication and talent.

But for Lanisha, it's not just about the accolades. It's about creating meaningful connections and unforgettable moments. Her passion shines through in every event and every interaction.

Join us in celebrating Lanisha's success and her dedication to elevating the hospitality industry!
